

## FSS Model 1622

One Drum Modular Spill Platforms For Fire  
Suppression Systems

### One Drum Modular Spill Platform

These OSHA approved platforms can be arranged in an endless number of configurations. The modular platforms feature a low profile for easier loading and unloading. These units have a 30 gallon spill capacity per 2 drum side, use blow molded high-density polyethylene construction for superior strength and feature patented removable poly grating.

#### MODEL 1622 SPECIFICATIONS:
